

MODERNI CLINIC

PAIN MEDICINE & ORTHOPEDICS

Financial Policy

Thank you for choosing Moderni Clinic. We are committed to providing exceptional, patient-centered care while maintaining clear communication regarding financial responsibilities. Please review the following policy before receiving treatment.

Insurance

Moderni Clinic accepts most major commercial insurance plans, workers' compensation, auto accident claims, and HSA/FSA payments. Insurance benefits are verified as a courtesy; however, verification is not a guarantee of payment or coverage. Patients remain responsible for all amounts determined to be their responsibility by their insurance carrier.

Patient Financial Responsibility

Payment of all applicable copayments, deductibles, coinsurance, self-pay charges, and outstanding balances is due at the time of service unless prior payment arrangements have been approved. Patients are ultimately responsible for services not covered by insurance.

Non-Covered Services

Certain procedures, regenerative therapies, supplies, or other services may not be covered by insurance. Whenever possible, anticipated out-of-pocket costs will be discussed prior to treatment.

Appointments & Cancellations

Please provide at least 24 business hours' notice if you need to cancel or reschedule. Repeated missed appointments or late cancellations may result in fees or limitations on future scheduling.

Outstanding Balances

Statements will be provided for remaining patient responsibility after insurance processing. Accounts with unpaid balances may be referred to collections after reasonable attempts to notify the patient and discuss payment arrangements, as permitted by applicable law.
